In addition to their signature Natural Flakes, Tasman Sea Salt offers a range of uniquely Tasmanian salt mixes forged from local ingredients.

TASMAN SEA SALT WITH PEPPER BERRY

Found in the indigenous rainforests of the Island, the Tasmanian Pepper Berry is rich in antioxidants and has an intensely spicy, yet fruity flavor, giving this special salt mix an incredible peppery aroma. It pairs well with both savory and sweet recipes.

TASMAN SEA SALT WITH PEPPER BERRY

Found in the Undaria plant which grows in the pristine waters of Tasmania's South East Coast, Wakame seaweed is packed full of sea minerals and nutrients. This blend has a delicious umami flavor that adds incredible depth and earthiness to meat, seafood, and vegetable dishes alike.

TASMAN SEA SALT SMOKED SALT

Tasman Smoked Salt is cold smoked for eight hours over Tasmanian Oak and Blackwood for an elegant salt with a richly aromatic smoky caramel flavor.
